

## Überschwemm Sicherheitsventil - Wasserstopp

**Subject:** Declaration of conformity with Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).  
SVHC /REACH declaration.

We declare that the following components:

**WATER BLOCK codes 100041XX**  
**RESET FOR WATER BLOCK CODES 100245XX**

**Comply** with the requirements outlined in European Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).  
**Comply** with the requirements outlined in European Directive 2015/863/UE amending the ANNEX II of 2011/65/UE with ban of 4 phthalates (DEHP-BBP-DBP-DIBP).

Please note that in the following codes RoHS regulated substances are present, but following exemptions apply:

Parts	Subcomponent	Material	Regulated substance present	RoHS exemption numbers (ref annex III Directive 2011/65/EU)
WATER BLOCK codes 100041XX	Brass component	Cu-alloy	Lead metal (Pb) CAS n. 7439-92-1 <3,5%	6c Copper alloy containing up to 4 % lead by weight

With reference to the **REACH Reg. 1907/2006 and its amd**, the supplied products are "Articles without intentional release of substances".

The following product does include one of the substances listed by ECHA in the "Candidate List of substances of very High Concern" from January 2021 in amounts > 0,1% w/w in the subcomponents:

Article	Subcomponent	Material	SVHC substance present	Amount of SVHC in the subcomponent	SCIP number for the Article
WATER BLOCK codes 100041XX	Brass component	Cu-alloy	Lead metal (Pb) CAS n. 7439-92-1	>1% and <3,5%	aea24532-f4aa-446b-bbb0-db663cccca23
